

**INSTITUTE OF ELECTRICAL & ELECTRONICS ENGINEERS
THE CENTRAL INDIANA SECTION OUTSTANDING ENGINEERING AWARD**

DESCRIPTION:

The “Outstanding Engineering” Award is designed to recognize members of Central Indiana Section who through their technical abilities have made outstanding contributions to their profession. It recognizes the development of new technical concepts, significant patents, development of new devices, development of applications, new designs, significant cost reductions using known techniques, etc. Nominations for the award shall be considered annually by evaluation of nominations submitted in accordance with the award criteria and procedures.

It is not the intent of the award to recognize the attainment of high organizational position alone.

ELIGIBILITY:

1. Nominees shall have been an IEEE member in good standing in the grade of member or above for the three (3) years preceding the year of award consideration and shall have been a resident in the Central Indiana Section for the year preceding the year of the award consideration. Nominees shall currently reside in the Central Indiana Section or shall have performed the work for which he/she is being recognized while residing in the Central Indiana Section, and shall currently be an IEEE member in good standing at the grade of member or above. During this period of time, no deliberate lapse in membership shall have occurred.
2. During the year in which the nominee is considered, the nominee shall not be either the Central Indiana Section Chairman Vice-Chair.
3. A nominee who is a member of the Central Indiana Section Awards Committee shall have the option of 1) withdrawing the name for award consideration, or 2) resigning from the Central Indiana Section Awards Committee.
4. The nominee shall not be eligible for more than one of the major awards of the Central Indiana Section in any one year. An awardee shall not be eligible to repeat any of the major awards of the Central Indiana Section except in the case where subsequent achievement is clearly of such an exceptional nature as to merit the duplication.
5. Nominees of outstanding caliber shall be eligible regardless of :
 - a. Membership grade of member or above. For fellows, the award is based on contributions and achievements made subsequent to that which the fellow award recognized. However, there may be cases where the achievement is clearly of such an exceptional nature as to merit the duplication.
 - b. Previous recipient of a similar award in another Section or Region with the same constraints as above.

CRITERIA FOR CONSIDERATION:

1. The primary consideration of the award shall be:
 - a. Importance of technical contributions.
 - b. Output of patents, designs, papers and technical presentations.
 - c. Years of technical distinction and/or responsible charge.
2. Additional criteria for consideration, but of lesser importance, shall be:
 - a. Service to the Institute:
 - b. Service to the engineering profession in professional organizations other than IEEE.
 - c. Recognition through other awards.

AWARD PRESENTATION:

The “Outstanding Engineer Award” shall consist of a plaque of professional quality.

The presentation of the award shall be at a prominent conference of the Central Indiana Section. The specific location shall be approved by the Central Indiana Section Executive Committee.

NOMINATION PROCEDURE:

1. All individual members, Chapters and Subsections of the Central Indiana Section are eligible to nominate candidates for this award. However, candidates may not nominate themselves.
2. Carefully assemble and enter on the attached nomination form all relevant and pertinent information requested. More than one nomination may be submitted, however, separate nomination forms are required.
3. Supplement the nomination form if deemed advantageous to the candidate, with additional details to explain the nominee's accomplishments. These supplement sheets must be attached to the nomination form. While it may be important to stress a single outstanding achievement (possible a very current performance), it should be recognized that it is also critical to include the candidate's career as a complete review of the candidate's achievements often in competition with other potential nominees.
4. Send the completed nomination form(s) with proper endorsement letters to the Chair of the Central Indiana Section Awards Committee. All nomination forms must be submitted to and in the hands of the Central Indiana Section Awards Committee by March 15th.

EVALUATION PROCEDURE:

1. An evaluation system shall be utilized by the Central Indiana Section Awards Committee that will allow weighing the selection criteria on the basis of a scale of 100.
2. The nominee shall be judged on the basis of the written material submitted in accordance with the above. The Central Indiana Section Awards Committee may attach additional written information to the nomination form for inclusion in the evaluation form. Final selection shall be made by consensus considerations if there is a majority based on the individual ratings by use of the evaluation form. For consideration of an award, the nominee shall rate a minimum of 60 on the scale of 100.
3. The final selections of the Central Indiana Section Awards Committee shall be submitted to the Central Indiana Section Executive Committee in writing for final action.
4. The Central Indiana Section Awards Committee shall utilize the "Outstanding Engineering Award Evaluation Form" in the selection process. After Central Indiana Section Executive Committee action, all completed forms shall be destroyed. All nomination forms and attached material shall be retained by the Central Indiana Section Awards Committee. No information contained in these packages shall be released beyond the Central Indiana Section Awards Committee without the written permission from the nominee.

Return Nominations Form by March 15 to:
