# Annual Central Indiana Picnic and Indianapolis Indians Baseball Game

Sunday, July 16, 2017 Picnic: 12:30 PM Game: 1:35 PM 1st Base Party Terrace Victory Field

Spring is almost here and it's time to start thinking about Baseball! Register for your tickets early to get a discount and before they run out. Bring your family and hang out with your fellow IEEE members while enjoying a catered lunch on the 1st base party terrace and cheer for your Indianapolis Indians as they take on the Louisville Bats.

The gates open at noon, the game starts at 1:35pm and goes till it's over (average professional baseball game lasts 2 hours and 50 minutes). Lunch is laid out between noon and 12:30 and is usually left out for a couple of hours. Included drinks (water, soda, & beer) are available from noon until the game ends. Other alcoholic beverages can be purchased up until the end of the 7th inning. Your tickets will be available under your name at Victory Field's will-call window on the day of the game.

Our ticket prices remain the same as last year!

### **Register before June 15:**

- \$25 IEEE Members and Adult Guests
- \$15 IEEE Student Members
- \$15 Child Guests aged 3-17 (children 2 and under are free)

### Register after June 15th

- \$30 IEEE Members and Adult Guests
- \$15 IEEE Student Members
- \$15 Child Guests aged 3-17 (children 2 and under are free)

## National Engineers' Children's Day at The Children's Museum of Indianapolis Saturday, February 25, 2017

On Saturday, February 25, more than 300 children learned something about engineering by participating in several hands-on engineering activities that were set up throughout the Children's Museum of Indianapolis. Over 60 volunteers from IEEE, ASME, SWE, NSHPE as well as students from Purdue, IUPUI and Rose Hulman helped children explore what engineers do. This was the 12<sup>th</sup> year that we have held this event.

## IEEE Women in Engineering Leadership Summit October 5-6, 2017 Marriott Downtown Indianapolis

We are excited to announce that our section has been selected to host an IEEE WIE Leadership Summit. We are in the early stages of planning, but are planning a Summit similar to the one held in Detroit in 2016 (<a href="http://www.swe-ci.org/">http://www.swe-ci.org/</a>). Watch your email for more information. Please contact Isabel Lujan at isabel.lujan@ieee.org, if you would like to help with the summit or be part of the planning committee.

## EnCON 2017 November 10-11, 2017 Indiana University

An Engineering Conference at IU?? That's right! In case you haven't heard, Indiana University has started an Engineering Program and to help get the word out, we are partnering up with IU to host this year's EnCON conference down in Blooming, IN. If you attended last year's EnCON, you probably remember the exhibit of Spaces and Places, <a href="http://scimaps.org/">http://scimaps.org/</a>, as well as the lunch presentation by Dr. Katy Börner on the work that the School of Informatics and Computing at IU has done on the visualization of data. We are in the early stages of planning the conference, but are planning this to be the best EnCON yet! Mark your calendars for November 10 and 11, 2017.

Find out more about the Bachelor of Science in Intelligent Systems Engineering at IU at <a href="http://www.soic.indiana.edu/undergraduate/degrees-certificates/bs-engineering/index.html">http://www.soic.indiana.edu/undergraduate/degrees-certificates/bs-engineering/index.html</a>

### Chapter Updates

- 1. Recently our chapter competed in an event called Website Thru the Night. A few of our members helped build a website for a local non-profit called Philips Outdoor Center. The event was a great opportunity for us to contribute to the community. Here is a link to the event <a href="https://websitethruthenite.com/">https://websitethruthenite.com/</a>. We also partnered with BSU's Women Working in Technology group for this event.
- 2. We have continued to sponsor workshops at our local Boys and Girls club. These events are called tech tables. These events help students learn and work directly with technology.

- 3. Aside from outreach our branch is having Jacklyn Kelly (Client Services Manager from IEEE) come to speak at our upcoming March meeting.
- 4. As a final note, we are attempting to boost membership at our branch. This is a difficult task since our focus program that members are recruited from only last 11 months. By the end of May we hope to develop a stable transition plan that will help future chapter members and leaders to both fulfill and succeed in their roles.

### BorgWarner Indiana Tech Center Tour: May 16, 2017

BorgWarner is a global technology leader in powertrain solutions. It operates in two groups: The Engine Group develops air management strategies and products to optimize engines for fuel efficiency, reduced emissions and enhanced performance. The Drivetrain Group harnesses a legacy of more than 100 years as an industry innovator in transmission and all-wheel drive technology. Once can learn more about the company at <a href="https://www.youtube.com/user/BorgWarnerCorporate">https://www.youtube.com/user/BorgWarnerCorporate</a>.

The BorgWarner facility in Anderson and Pendleton is focused on electromechanical machines and power electronics to enable powertrain electrification. They have systems that span from standard automotive generators (typically called alternators) all the way to Hybrid Bus machines. The Anderson facility is where prototypes and limited small production are made of these systems.

You are welcome to join the Central Indiana Section on May 16, 2017 for a presentation on some of these systems and a tour of the facility. Networking will start at 6:00 PM and the meeting will start at 6:30 PM. Parking is on the West side of the building, please enter on the South entrance. Advance registration is requested.

Light refreshments will be provided.

The meeting is free to attend, but certificates for CEU's and PDH's now require a \$10 fee from IEEE. Number of CEU's/PDH's will be awarded per length of the tour.

Registration and CEU/PDH Certificate must be requested and paid for on-line before the meeting - no cash will be accepted at the meeting location.

For additional information please contact Dave Peter, Staff Engineer, Power Electronics at <a href="mailto:dpeter@borgwarner.com">dpeter@borgwarner.com</a>.

To register please visit <a href="https://meetings.vtools.ieee.org/m/43341">https://meetings.vtools.ieee.org/m/43341</a>

### **Call for Volunteers**

The IEEE Central Indiana Section is always looking for energetic members that have a little time to help their section and community. We currently have the following Executive Committee positions open:

- Young Professionals Chair
- Membership Development Chair

If you have an interest in volunteering for any of these positions, would like more details on the positions, or want to help serve your local IEEE Section in any other capacity, please contact Bob Evanich: b.evanich@ieee.org

Volunteering can also be a good resume builder and as always, thank you for volunteering!!

### **Editorial Policies**

Each issue of The Reporter typically references three months - the month in which it is published and the following two months. The Reporter is typically published in March, June, September, and December.

Material to be included should be submitted mid-month prior to the month it is to be published. For example, material intended for the September issue should be submitted to the Editor by August 15. The Editor will send a reminder to all IEEE Central Indiana Section entities by the 25th of the month to submit their updates.

Copy should be submitted electronically. Photographs are desirable. Advertisements are welcome. Contact the editor, Umama Tasnia, for layout sizes and rates at umama.tasnia.us@ieee.org
